OUR MESSAGE

FROM THE CHAIRPERSON

During October 2016, the Coalition for the Homeless celebrated 35 years of helping individuals and families rebuild their lives and achieve economic independence and self-sufficiency in the District of Columbia. This is an important milestone for any organization, and we thank everyone past and present, who has helped us reach our birthday.

While we have been keeping you informed of all that we do in our Coalition Connection newsletter, emails, and Facebook posts, we share this annual report with you as a reminder of our history, and our accomplishments.

During 2017, guided by our 5-year strategic plan, we will focus on five key areas: programs, financial sustainability, governance and leadership and long-term growth. We look forward to sharing the outcomes.

I would like to express my personal appreciation to our funders, partners in the community, and members of the Board of Directors, and of course the hard-working staff of the Coalition, led by our very competent and capable Executive Director, Michael L. Ferrell.

It is truly a privilege to chair this great organization, and I encourage you to stay connected to its life changing work.

Geoffrey P. Lewis

AND EXECUTIVE DIRECTOR

Thank you for making the last 35 years so impactful; together we have transformed thousands of lives. As we continue to expand our services, our mission remains constant and an important compass to guide our work. Our daily interactions have important impact and renew our passion and motivation to help our community's homeless feel empowered, and capable of living independently when they leave our programs.

Michael L. Ferrell

Every day our vision to end homelessness in the District of Columbia is realized when we help an individual or family with children transition from shelter to permanent affordable housing, receive job training, obtain employment, receive supportive services (e.g., transportation, counseling, life skills, case management, etc.) and help families who were at risk of losing their homes remain housed.

Some of our highlights during 2016 included celebrating our 35th Anniversary, the Coalition purchasing a new property to help families with children, a successful 8th annual job fair, and watching individuals and families with children successfully leave our programs. Also, we have some changes in our programs and services. Please see page 4 for more details.

Thank you again for your continued support. I am eager to see how much more we can accomplish to help men, women and children rebuild their lives and end homelessness.

OUR SUCCESS STORIES

SHARRON HALL

A Former Client Returns after 20 Years to Share Her Story

Sharron Hall, a former client was the guest speaker during the Coalition for the Homeless Volunteer and Staff Reception on November 1, 2016. In 1998 she was a client at the Spring Road Family Apartments; she was 25 with 5 children. Although she had no choice; she was not happy to be in the program. All she wanted was housing. She did not want to talk about her issues with substance abuse and domestic violence. At one point, Sharron was at risk of being removed from the program for not following curfew and other program rules. She was given a second chance. Through encouragement, she enrolled in Families Forward to get her GED and took computer training classes. Sharron says "Spring Road was not just a shelter for 1½ years, it was home." The staff showed care and compassion. She has kept all her warning letters and other documents as a reminder of how far she has come. Sharron is currently a family support worker at Edgewood Brookland Family Support Collaborative. The Coalition is thankful to Sharron for being open and sharing her story. We wish her continued success.

WALLACE DEWS

Wallace Dewes had a history of substance abuse and had no family to turn to. The Emery Work Bed program became his family, with strings attached. He received substance abuse help, was in a structured program and had to participate in counseling, money management, and learn the steps to obtain housing and employment. Today, Mr. Dewes is employed with RAP (Regional Addiction Prevention) Incorporated and was the first cook to be hired. After 8 months at Emery, he transitioned to the McKenna House, a Single Room Occupancy (SRO) facility for men. Mr. Dewes reported that life is better because he does not feel helpless and can move in a positive direction.

ANTHONY SHORTER

After becoming homeless, Anthony Shorter became a program participant at the Blair House Transitional Program. While in the program, Mr. Shorter used his time wisely to seek employment and training opportunities. He would often travel to the D.C. Department of Employment Services for help with his resume and to look for employment. One day Mr. Shorter took a chance and went inside a restaurant to ask the manager if there were any job openings. There was a cashier position available. Mr. Shorter returned for training and was later hired. Mr. Shorter is employed today because he was determined to find employment and took all the steps necessary to make it happen. Mr. Shorter is currently still in transitional housing but is working on obtaining permanent housing.

COALITION'S 8TH ANNUAL JOBS, TRAINING OPPORTUNITIES AND EDUCATIONAL FAIR

Our 8th Annual Job Fair brought hope to the homeless through employment opportunities and job training.

The Coalition for the Homeless held its 8th Annual Job Fair on Thursday, September 22, 2016 at the Boys and Girls Club in Southeast Washington, D.C. This job fair had 51 vendors to attend which included employers, community resources and training providers throughout the Washington, DC area.

The more than 150 participants who attended, were able to complete employment applications on-site, as well as on-line profiles to various employers. The employers were from industries such as construction, restaurants, local and federal government agencies, health care, security, clothing and grocery stores, as well as training program providers.
